Oh baby baby, how was I supposed to know  
**Am**  
That something wasn't right here

**Em**  
Oh baby baby, I shouldn't have let you go

My loneliness is killing me, (and I)

I must confess I still believe (still believe)

**Em**  
When I'm not with you I lose my mind

George Jones Talkin' Cell Phone Blues
Drive-By Truckers

You were talkin' on that cell phone
Drivin' your Mercedes way too fast
All of a sudden there was just dial tone
You hit the pylons on the overpass
And your whole life passed before you
From the old days in the honky-tonks
To that last shot of vodka, all them miles in be-tween

George Jones, better leave that cell phone alone
Don't be talkin' as you try to get back home
If you don't change your ways my friend
You'll be singin' duets with Tammy again

Foot down heavy on the pedal
Talkin' to your daughter in the car
Next sound you heard was twisted metal
Another dead genius country star
Better get your shit together
Everything's been torn in two
Good thing your liver's made of leather, 'cause we'd all be mourning the likes of you

George Jones, better leave that cell phone alone
Don't be talkin' as you try to get back home
If you don't change your ways my friend
You'll be singin' duets with Tammy again

And I heard it on the news

He almost stopped loving her today

Better stay on that riding lawn mower

If you're gonna keep on carryin' on that way

George Jones, better leave that cell phone alone

Don't be talkin' as you try to get back home

If you don't change your ways my friend, George Jones

HOTEL YORBA
The White Stripes

G C D G

G C
I was watching, with one eye on the other side,
D G
I had fifteen people telling me to move, I got movin' on my mind.
G C
I found shelter, in some dolls turning wheels around,
D G
I've said 39 times that I love u to the beauty I have found.

G
Well it's, one, two, three, four, take the elevator,
C D
At the Hotel Yorba I'll be glad to see you later,
G D G
All they got inside is vacancy

G C D G

G C
I've been thinking, about a little place down by the lake
They've got a dirty old road leading up to the house
I wonder how long it will take
Till we're alone,
Sitting on a front porch of that home
Stompin' our feet, on the wooden boards,
Never gotta worry about locking the door

Well it's, one, two, three, four, take the elevator,
At the Hotel Yorba I'll be glad to see you later,
All they got inside is vacancy

Single strums for next two lines

It might sound silly, for me to think childish thoughts like these
But I'm so tired of acting tough, and I'm gonna do what I please.

Let's get married in a big cathedral by a priest
Because if I'm the man that you love the most,
G
You could say I do at least.

G
Well it's, one, two, three, four, take the elevator,
C
At the Hotel Yorba I'll be glad to see you later,
D
All they got inside is vacancy
G
And it's four, five six, seven, grab the umbrella,
C
And grab hold of me cause I'm your favourite fella,
D
All they got inside is vacancy

I'm gonna put a hole in my TV set I don't wanna grow up
Open up the medicine chest And I don't wanna grow up

I don't wanna have to shout it out
I don't want my hair to fall out
I don't wanna be filled with doubt
I don't wanna be a good boy scout
I don't wanna have to learn to count
I don't wanna have the biggest amount
I don't wanna grow up

Well when I see my parents fight I don't wanna grow up
They all go out and drinking all night And I don't wanna grow up
I'd rather stay here in my room
Nothin' out there but sad and gloom
I don't wanna live in a big old tomb

they performed with great virtuosity,

Well the curtain had ascended, a hush fell on the crowd
as thousands there were gathered,
to hear the folk songs of our land
but they took their politics seriously,
and that night at the concert hall
as the audience watched deliriously they had a free-for-all

Well the one on the right was on the bottom
and the one in the middle was on the top
and the one on the left got a broken arm
and the guy in the rear, said, "oh dear"

Now this should be a lesson if you plan to start a folk group
Don’t go mixin’ politics with the folk songs of our land
just work on harmony and diction play your ukulele well
and if you have political convictions keep ‘em to your self

now the one on the left works in a bank

Wilder Than Her
Fred Eaglesmith

Well, I'm wilder than her, what else can I say
But I guess that's why, she fell in love with me
She's a house on fire, she's got all those charms
I'm a house on fire, too, but I got four a-larms

CHORUS:
And I'm wilder than her,
and it drives her out of her mind
I guess she thought that she, was just one of a kind
But she's a summer a storm, and I'm a hurricane
One just blows through town, the other blows the town a-way
And I'm wilder than her
When we go driving in our cars, racing through the night  
She can drive as fast as me, but she stops at all the lights  
She says it's 'cause I'm crazy, and she's probably right  
But I think that the reason is, that I'm twice as wild

**CHORUS:**  
And I'm wilder than her,  
and it drives her out of her mind  
I guess she thought that she was just one of a kind  
But she's a summer a storm, and I'm a hurricane  
One just blows through town, the other blows the town a-way  
And I'm wilder than her

But when she takes my hand, and she looks me in the eye  
I see something that I never seen in my life  
She takes the fire, and turns it down low
G     D     A
She takes the night, and makes it not so cold
D     A
She takes the distance, and breaks it into miles
G     D     A
She makes my life just a little less wild
