To Sir With Love
Don Black and Mark London (recorded by Lulu in 1967)

[G] Those school girl days
[G] But in my mind
[A] I know they [C] will still live [G] on and on [G]
[F#] But how do you [Bm] thank someone
Who has [F#] taken you from crayons [Bm] to perfume
[A] It isn't [D] easy but I'll [A] try [E7]

If you [A] wanted the sky
I would [G] write across the sky in [A] letters
That would [G] soar a thousand feet [A] high
To [D] Sir with [E7] love [E7]

[G] The time has come
[G] And as I leave
[A] I know that [C] I am leaving [G] my best friend [G]
[F#] A friend who taught me [Bm] right from wrong
And [F#] weak from strong that's a [Bm] lot to learn

If you [A] wanted the moon
I would [G] try to make a start but [A] I
Would [G] rather you let me give my [A] heart
To [D] Sir with [E7] love [E7]/[A]↓
