If **[Am/C]** I could save **[Caug]** time in a **[C]** bottle **[D7]**
The **[Dm]** first thing that **[Dm6]** I'd like to **[E7]** do **[E7]**↓

If **[Am/C]** I could save **[Caug]** time in a **[C]** bottle **[D7]**
The **[Dm]** first thing that **[Dm6]** I'd like to **[E7]** do **[E7]**
Is to **[Am/C]** save every **[Caug]** day
Till e-**[Dm]**ternity passes a-**[Am]**way
Just to **[Dm]** spend them with **[E7]** you **[E7]**

If **[Am/C]** I could make **[Caug]** days last for-**[C]**ever **[D7]**
If **[Dm]** words could make **[Dm6]** wishes come **[E7]** true **[E7]**
I'd **[Am/C]** save every **[Caug]** day like a **[Dm]** treasure and then
A-**[Am]**gain, I would **[Dm]** spend them with **[E7]** you **[E7]**

But there **[A]** never seems to **[AM7]** be enough time
To **[A6]** do the things you **[A]** want to do
Once you **[D]** find them **[A6]** / **[Bm7]** / **[E7]**
I've **[A]** looked around e-**[AM7]**nough to know
That **[A6]** you're the one I **[A]** want to go
Through **[D]** time with **[A6]** / **[Bm7]** / **[E7]**

If **[Am/C]** I could save **[Caug]** time in a **[C]** bottle **[D7]**
The **[Dm]** first thing that **[Dm6]** I'd like to **[E7]** do **[E7]**↓

If **[Am/C]** I had a **[Caug]** box just for **[C]** wishes **[D7]**
And **[Dm]** dreams that had **[Dm6]** never come **[E7]** true **[E7]**
The **[Am/C]** box would be **[Caug]** empty ex-**[Dm]**cept for the memory
Of **[Am]** how, they were **[Dm]** answered by **[E7]** you **[E7]**

But there **[A]** never seems to **[AM7]** be enough time
To **[A6]** do the things you **[A]** want to do
Once you **[D]** find them **[A6]** / **[Bm7]** / **[E7]**
I've **[A]** looked around e-**[AM7]**nough to know
That **[A6]** you're the one I **[A]** want to go
Through **[D]** time with **[A6]** / **[Bm7]** / **[E7]**

If **[Am/C]** I could save **[Caug]** time in a **[C]** bottle **[D7]**
The **[Dm]** first thing that **[Dm6]** I'd like to **[Am]**↓ do
